Want to improve learning in your organisation?
Discover our **transformational labs** that tackle trending questions in the field of Corporate Learning!

The “transformational lab” approach is a unique type of seminar: hands-on and interactive, it mobilises participants to address a business challenge, co-build solutions and set-up actions to improve corporate learning.

TRANSFORMATIONAL LABS

What leadership do we need for employees to learn and innovate?

How to increase impact in corporate L&D? High Impact Learning that lasts

And more!

The Importance of social and collaborative learning in the workplace
by Pfizer

How can Community of Practice make organisations get more profound insights in their knowledge workers?

How can one measure the return on learning investments (ROL) in a meaningful way?
